SURE
Fresh Air and Postum a Health Com-
bination Hard to Beat.

"Four years ago" writes a Vermont
lady, "I was a victim of indigestion.
Everything I ate distressed me—gave
me nausea and formed gas in my stom-
ach which was very annoying."
"I had palpitation so bad I could not
lie on my left side, and began to think
my heart must be affected. I had used
coffee for 25 years, and thought
it would be impossible to give it up, as
I usually had nothing for breakfast
but a roll and a cup of coffee."

"My indigestion grew worse, in spite
of doctoring, and I felt obliged to try
something else. I drank chocolate and
coconut, but soon tired of them."
"The doctor had ordered my hus-
band to stop drinking coffee on ac-
count of heart trouble, so he was using
Postum and wanted me to try that. I
took one cup of it in our servant pre-
pared it, and thought it was wretched
stuff."

"I was getting desperate when the
cook left me and I had to make Postum
for my husband. Then I was that
I studied the directions on the pack-
age and wondered if the girl had been
boiling it long enough."
"I cooked it fully 20 minutes and
was surprised to find it most palatable.
I found that rich cream improved it
as much as it did coffee. I also learned
that Postum tasted better, and it
was easier to prepare it the night be-
fore."

"I put two heaping tablespoonfuls
into a quart of cheese cloth, tied it
tightly, dropped it into a clean coffee
pot, poured over it three cupsful of
cold water, and let it stand covered
until morning."
"Then it was boiled thirty minutes,
and we had two large cups of a deli-
cious drink after cream and sugar had
been added. It has a rich delicious
flavor of its own and we have used
nothing else for four years."

"Postum and Fresh Air have cured
us of dyspepsia and seeming heart
trouble, and we have taken a new
lease of life." Name given by Postum
Company, Battle Creek, Mich. Read
"The Road to Wellville" in pgs.

The News—No Pure Drug Cough
Cure Laws would be needed, if all
Cough Cures were like Dr. Shoop's
Cough Cure is—and has been for 20
years. The National Law now re-
quires that if any poison enter into
a cough mixture, it must be printed
on the label or package. For this
reason mothers, and others, should
insist on having Dr. Shoop's Cough
Cure. No poison marks on Dr.
Shoop's labels—and none in the medi-
cine, else it must by law be on the
label. And it's not only safe, but it
is said to be by those that know it
best, a truly remarkable cough re-
medy. Take no chances, particularly
with your children. Insist on having
Dr. Shoop's Cough Cure. Compare
carefully the Dr. Shoop package with
others and see. No poison marks
there! You can always be on the
safe side by demanding Dr. Shoop's
Cough Cure. Surely refuse to ac-
cept any other. Sold by E. B. Little
